#### Useful Receipts

To cure corns

Scrape a piece of common chalk put a small portion upon the corn and bind it with a linen rag repeat the application for a few days.

Cure for Founder

Put one pint of the seed of the common sunflower in the animals food as soon as you discover symptoms of founder and you will give immediate and certain relief.

Useful Receipts

To cure corns

Scrape a piece of common chalk put a small portion upon the corn and bind it with a linen rag repeat the application for a few days.

Cure for Founder

Mix one pint of the seed of the common sunflower in the animals food as soon as you discover symptoms of founder and you will give immediate and certain relief.

Dear Sir or Madam:

Today I phoned your library to ascertain whether or not you had in your genealogical holdings a typed copy of a diary of my ancestor, William Burkett of the Hattiesburg area (then in Perry County). I was told by a gentleman who worked at your library that you did have this document. The diary was written after the Civil War and was dated in the 1860's. The man I spoke with said it was accompanied by some additional family information and also some reference to a will of Gabriel Burkett.

I would very much like to obtain a copy of the diary of William Burkett and all other accompanying data related to the Burkett family. Please let me know how much it would cost to have someone make a copy of the Burkett papers and mail them to me. I will be happy to pay for all the copying, the envelope, and the postage. Please let me know the cost, and I will send a check in advance.

Thank you very much for your assistance in this matter. It will be greatly appreciated.

Sincerely,

Katie Castreillo

P.S. I have enclosed  
a S.A.S.E. for  
your reply concerning the cost.

3016 ASPEN LANE--FALLS CHURCH, VA 22042--27 OCTOBER 1987

Mrs. Ben Strickland  
P.O. Box 5147  
Moss Point, MS 39563

Dear Mrs. Strickland,

You are very kind to offer your help us, and we certainly do accept your offer. Our major problem is finding the parents of George Burkett, born between 24 March and 9 July 1785 in South Carolina. The other problem is the maiden name of George's wife--we THINK she was Elizabeth TILL, but we aren't sure.

George and Elizabeth Burkett had five children born in SC before they moved to Lawrence Co., MS by 1817. The rest of the children were born in MS, and to the best of our knowledge, all ten of them lived in Lawrence and Marion Co. Elizabeth Burkett died 11 Aug 1857, according to Book 1, p 325, "Original Records, Bethany Baptist Church." George wrote his will 13 April 1859, and it was filed for probate 7 Jan 1861. Both are believed to be buried somewhere near Prentiss, but the graves have not been found.

I'm enclosing a sheet showing the names of their children. It would be wonderful if the sons had lived long enough to apply for a pension based on CSA service--I think all served, but all were dead by 1905. (We know that Bill's ancestor, Jasper Newton Burkett, went home shortly before the war ended to feed his family, and was listed as a deserter. We, naturally, prefer to think that he knew it was a lost cause and almost over.)

If you know of any Bible record (or anything else) that might include that SC based information we need, we would appreciate any help we can get. We have used two professional genealogists in SC who have tried to help, then thrown their hands up in the air. We know that George served in the War of 1812 from Orangeburg District, SC, and lived there from 1814 until he moved to MS, but Sherman's troops burned the court house and all records were destroyed. The family is believed to be of German descent and we aren't ever certain how the name was spelled prior to being anglicized--Burkhard/Burkhardt would be a likely possibility. At any rate, all records found in MS show them as Burkett or Burket. That Elizabeth was nee TILL comes from a descendant who says that two of George's daughters each gave a child the middle name "Till."

Now you can see why I said we were looking for a needle in a haystack!!

Sincerely,

Betty Burkett (Mrs. W. H.)
